be felt in paying for charges incurred. Large imprests are therefore undesirable. Under the new procedure even work imprests are permanent advances and these latter have to be sanctioned by Government under the rules. The Department may therefore obtain Government sanction when there is need for giving permanent advances to other than those for whom they are allowed in Government Order dated 18th September 1913 or when the amounts sanctioned in this order require to be raised.

From

~~XXXX

Letter No.M.9257-137 dated the 14th December 1917 from the Chief Electrical Engineer to the Government of Mysore to the Secretary to Government, Public Works Department.

Imprests or Advances.

With reference to our recent conversation, I have the honour to request that the powers of the Chief Electrical Engineer be so amended as to allow the granting of Imprests or Advances to the Upper Subordinates of the Electrical Department up to a maximum of Rs 1,000 as is done in the Public Works Department under the Public Works Department Code.

P.W. Code Vol I Para 989.

2. The necessity of Imprests or Advances frequently arises in connection with deputing any of the officers or Upper Subordinates of this Department for work outside their usual Headquarters; for instance, the transport between Maddur and Sivasamudram, the fittings with electric lights of various camps as at the recent Khedda and Jog and the laying of the penstock pipes at Kannambadi.

To

The Secy: to Govt.

P W Dept:

Sir,

With reference to your letter No 1138 dated 24th December 1917 enquiring if the Chief Electrical Engineer may be permitted to grant his subordinates imprests up to Rs 1000 temporarily whenever it is found absolutely necessary to

over.

do so I am directed to state that as under the new procedure sanctioned in the G.O of 22nd June 1917 imprests for works expenditure have been sanctioned by Govt, it is desirable that the Chief Electrical Engineer should obtain sanction of Govt: in each individual case whenever he considers that imprests in excess of his powers have to be granted to his Subordinates.

2. Govt: do not therefore consider it necessary to modify clause 8 of the G.O of the 8th September 1913 regarding the powers of the Chief Electrical Engineer as proposed.
